

QUALITY, COMFORT AND PERFORMANCE
AT A PRICE YOU CAN AFFORD

WATKINS 32

The newest introduction to the Watkins line offers exceptional room and comfort for six full size people (headroom is 6'5½"). All Watkins Yachts are over-built with a solid hand laid-up fiberglass hull, oversized rigging and reliability to spare.

WATKINS 36C

A yacht for the serious cruiser. Most required items come as standard with "big-boat" options such as a 5KW generator and air conditioning available. Three private cabins cap an exceptional layout.

WATKINS 27

The biggest 27 foot sailboat afloat sleeps 5 with a full galley, large enclosed head and even a shower. Quality is visible throughout the Watkins line: generous teak trim, aluminum framed hatches, Yanmar and Perkins diesel power, with craftsmanship obvious everywhere.
